About Our Day Classes...

- ◆ Drop In Play Time is for children ages 1-5 to come and let out some energy. We have various games and toys set up, and children can come jump on the trampolines, jump on the tumble track, jump into the pit, walk across the beams, hang on the bars, and more! \$5 for one hour, \$10 for two. 10:00am to 12:00pm Tuesday and Friday starting 9/4/2018.
- ◆ Mommy&Me is designed for ages 1-3 for young children to get a taste of gymnastics with Mommy or Daddy's help! Your coach will take you and your children through different drills and obstacles to help prepare them for the next step- Tots!
- ◆ Tots is designed for ages 3-5 and is their first solo class. Mom and Dad can watch and encourage from the bleachers, but the children are learning gymnastics with their coach. Their coach will set up different drills and teach them new skills on the beam, bars, tumble track and trampoline. They will gain confidence on the apparatus while burning lots of energy.
- ◆ Homeschool is designed for ages 5-12 and will be all about physical activity and education. Different games and activities will be set up each week following a certain theme of the month. Kids will have the opportunity to work through obstacles and get their weekly exercise.
